

LITEFIGHTER
TACTICAL

MISSION KIT

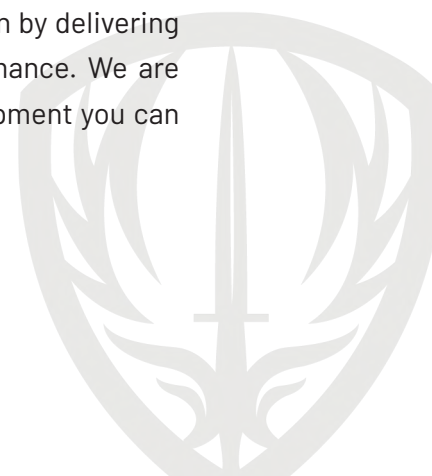

BUILT BY VETERANS. TRUSTED BY WARRIORS.

Founded by veterans, LiteFighter Tactical stands as a beacon of reliability and innovation within the tactical gear industry. With firsthand experience on the frontlines, we know that in critical moments, your equipment must perform without fail. That's why we meticulously select and distribute only the finest tactical gear—products tested for real-world operations, designed to withstand the harshest conditions, and trusted by those who rely on them most.

At LiteFighter Tactical, we don't just supply gear; we offer mission-driven solutions. Our team of veterans brings operational expertise to every recommendation, ensuring that what we provide fits the realities of your mission, your environment, and your needs. Whether it's rugged shelters, protective gear, or field-ready equipment, we stand behind every item with the same commitment and integrity we brought to our service.

Our mission is simple: to empower and protect our fellow servicemen and women by delivering cutting-edge gear that combines technology, durability, and real-world performance. We are honored to serve those who serve—and we are committed to providing the equipment you can trust when it matters most.

CONCEALMENT COVER

STEALTH
TECHNOLOGY

NSN/MATERIAL

STEALTH MULTIPURPOSE
CONCEALMENT COVER
TBD

DESCRIPTION

- Reversible Camouflage Pattern
- Adjustable Hood that can be fitted to soldiers wearing helmets or other covers. The hood also offers both full and 3/4 face cover options that don't impact users' vision but helps reduce the heat signature of their head and face.
- Lightweight, Breathable Fabric: Designed to prevent overheating and adjust to ambient air temperature.
- Strategic Heat Absorption: Heat-absorptive material is placed in typical hotspot areas (chest, shoulders, head, and back) for enhanced thermal protection.
- Scalable System: Multiple covers can be connected to form a larger hide site or provide overhead protection.
- Compact and Stowable: Designed for easy packing and storage.

SPECIFICATIONS

Dimensions: 67" X 103"

Weight: 2 lbs

PEREGRINE X7 FPV

NSN/MATERIAL

PEREGRINE X7 FPV

TBD

DESCRIPTION

The **Peregrine X7 FPV** is engineered for this new standard. Bridging the gap between expensive heavy-lift platforms and limited commercial drones, the X7 delivers a rugged, mission-flexible system designed for real-world operational tempo. Its modular 7-inch architecture enables rapid configuration of different systems—allowing units to tailor the platform for ISR, reconnaissance support, or payload integration as mission requirements evolve.

Paired with a high-performance FPV camera system that delivers exceptional clarity and real-time situational awareness, the Peregrine X7 empowers teams to see more, react faster, and operate with greater confidence in complex environments.

In high-tempo operations where adaptability, speed, and scale matter most, the Peregrine X7 provides a cost-effective solution designed to be deployed decisively and at volume.

PERFORMANCE & SPECIFICATIONS

- **Platform Footprint:** Rugged 7-inch tactical frame optimized for agility in dense & contested environments
- **Max Intercept Speed:** Up to 120 mph (no payload) for rapid response & maneuverability
- **Loaded Cruising Speed:** 90-100 mph under payload for sustained operations
- **Maximum Payload Capacity:** 2.7 kg (6 lbs) supporting flexible mission configurations
- **User Accessibility:** Designed for ease of use across multiple military occupational roles
- **FPV Camera System:** High-clarity, low-latency video for enhanced situational awareness

ADDITIONAL ITEMS SUGGESTED

HAND HAVEN

NSN/MATERIAL

HAND HAVEN
TBD

PART# HH1100-OCF

PART# HH1100-ALP

PART# HH1100-COY

DESCRIPTION

The Hand Haven is a rugged, thermal-regulating hand protection system engineered to maintain dexterity, comfort, and readiness in austere environments.

Designed for soldiers who operate in extreme cold or extended exposure, it provides rapid warmth recovery without restricting movement or access to mission-essential equipment.

Its ergonomic, tubular design integrates STEALTH THREAT™ Raptor Technology, Polartec® Alpha Direct™ insulation, and USB/electronic heater compatibility — delivering lightweight, dependable protection during sustained operations.

ADDITIONAL ITEMS SUGGESTED

Stealth Sleep System | # 01-719-4350
